

Project Demo Planning

Date	10 JULY 2026
Team ID	XXXXXX
Project Name	EduGenie – AI Learning Assistant
Maximum marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)
1	Introduction & Problem Statement	Introduce the project, explain the Human Development Index (HDI) problem, objectives, and motivation behind developing the system.	2
2	Solution Overview	Explain the project architecture, machine learning workflow, dataset, technologies used, and system modules.	3
3	Live AI Demonstration	Demonstrate data preprocessing, feature selection, model training, and HDI prediction process.	3
4	Authentication Demo	Demonstrate the Flask web application, input HDI indicators, and show the prediction results with visualizations.	5
5	Dashboard Demo	Present charts, graphs, and explain how users can interpret the prediction results and compare development indicators.	2
6	Conclusion & Future Enhancements	Summarize project outcomes, discuss future improvements, answer questions, and conclude the demonstration.	2

Demo Flow Summary
